MEMORANDUM FOR: Chief, Geographic Research  
ATTENTION: Chief, Geography Division  
SUBJECT: Geographic Intelligence Reports -  
Recommended Unconventional Warfare Areas

1. This will acknowledge receipt of GR 59-24,

25X1C10b

[REDACTED] This is the 44th report prepared by your Staff and completes the project which began over three years ago.

25X1C10b

2. You may be interested in the attached multilith memo relative to the Subject which is being sent the Senior War Planners in Europe and the Pacific; to the three Services, to forward to their various subordinate Commands; and to about ten different Divisions or Staffs within the Agency.

3. I have been informed of the wide dissemination of these reports and the practical use that has been made of this research material, throughout the military services and by a number of elements within CIA. There is no doubt that the recommended UW areas have been very helpful in the more careful selection of UW requirements for the Theater war plans and particularly, in the development of the most feasible Safe (E&E) for joint usage.
